One negro who was captured in Canilla, and who escaped during the night was compelled by his captors to assist in removing the dead and wounded in the streets of Canilla. He assisted in putting a dead woman into a wagon; she was shot through the chest; she was thrown, his captors told him into a dry well. He also assisted in removing four badly wounded negroes, to of them mortally.

The man James Johns, who fired the first shot at the colored men, is reported shot once in the forehead and twice in the back, and mortally wounded. Another of the attacking party is reported slightly wounded. His name is Charles Collins.

FOR VICE PRESIDENT.

SCHUYLER COLFAX.

VERMONT.

For Electors at Large—GEORGE W. GRANDLEY, of Vergennes; H. FAIRBANKS, of St. Johnsbury.

For Electors—Third District—GEORGE WILKINS, of Stowe.

### The Republican Platform.

The second plank in the Republican Platform, and the one which relates to suffrage in the then unconstructed States, is one with which the Democrats find great fault; it reads as follows:

The guarantee by Congress of equal suffrage to all loyal men in the South was demanded by every consideration of public safety, of gratitude and of justice, and must be maintained while the question of suffrage in all the loyal States properly belongs to the people of those States.

Gen. Carl Schurz, proposed as an amendment and in addition to it, the following resolution, which was adopted:

We highly commend the spirit of magnanimity and forgiveness with which the men who have served the rebellion and who are now frankly and honestly co-operating with us in restoring the peace of the country, and in reconstructing the Southern State Governments upon the basis of impartial justice and equal rights, are received back into the communion of the loyal people, and that we are in favor of the removal of the disqualifications and restrictions imposed upon the late rebels in the same measure as the spirit of disloyalty dies out, and as may be consistent with the safety of the loyal people.

Against this resolution, which relates alone to loyalty in the South, and the only resolution in the platform which relates to the matter at all, and in which the "Negro" is not mentioned any more than any other man, comes the whole opposition of the Democracy, and they set up a clamor against Nigger Suffrage, Nigger Supremacy, etc. It simply presents the question of loyalty, and this is the question which our opponents do not wish should be presented. They attempt to draw attention from the main issue, and drown everything in their cries of Nigger.

This resolution sustains Congress in its method of reconstruction, and would seem to every fair minded man to be no more than what simple justice requires at our hands. If upon the presentation of these questions the inference is to be drawn that Negroes are ineligible as men should be excluded upon questions of coloration. This resolution is in perfect harmony with the Declaration of Independence which says that "all men are created equal" and the resolution in substance further adds, that equal suffrage should be guaranteed to all loyal men where the Federal Constitution is operative, and Congress can impose restrictions. If men of darker hue have not been, and are not now loyal to their Country, then they are not included within the provisions of the resolution any more than other rebels; the line is drawn on account of deeds and behavior. If men have been disloyal and yet carry that spirit of hostility to the Government to the mardering of loyal citizens in cold blood, this is their misfortune.

In Vermont if a man violates the laws of the State and becomes incarcerated in the State's Prison, he has forfeited his privilege of the Elective franchise which can only be restored to him by an act of the Legislature of the State. A pardon by the Governor may relieve him from his confinement but does not restore the full privileges of a freeman. Have not Southern rebels who have voluntarily borne arms against the country,

been as guilty as the man who has been incarcerated in a Vermont prison for felony? These men did not lay down their arms of their own choice but were compelled to do so at last by the force of loyal arms and many of them were carried by the negroes, and they became prisoners. By what right do rebels now claim that they should vote in any State or portion of this country, to the exclusion of loyal men—men who have done nothing to jeopardize the life of the nation, but everything to save it.

Why should this Government hold out the inducement of rewards to the well doing and terror of punishment to evil doers, if it does not intend to make a distinction; greater still is the peril of that government which would exalt the guilty and punish its friends, the innocent. The same spirit that would deprive the loyal people of the South of the privileges of the elective franchise their means of protection, and bestow these privileges upon the disloyal to crash them, would deprive a loyal soldier of his pension and bestow it upon the soldier of the Confederacy.

The Democrats of the South (all have rebelled) do not like the idea of negro voting. Now, in this matter they have had their choice, and the result, as we find it, was provoked by them. They struck out to destroy the American Government and establish an Empire of which human slavery should be the paramount idea and the chief corner stone. If they had succeeded, then the chains of slavery would have been tighter divided, but they allied entirely, and to-day the slave stands forth a freeman. There is no half-way work about his freedom, he is either still a slave, or he enjoys his freedom and is entitled to the privileges of all men. We have no disfranchised citizens under a full Republican form of Government unless for crimes committed. If we can overlook the high crimes of rebels who have drenched this land in blood, and allow equal suffrage to them, we can for greater reasons overlook a loyal man's complexion and allow him to vote by his side.

"A man convinced against his will, is of the same opinion still," and the men who are now waiting for a more favorable opportunity to thrust the dagger further into the vitals of the Nation, are not the men to debate who may, or who may not vote, their greatest anxiety should be to secure the privilege to vote themselves. If they have chosen to repeat of their high crimes, let them come into the ranks with men who exerted themselves to save that which was nearly lost through the Democratic administration of the Government. For all such who come; the loyal masses of the United States will bid a joyful welcome.

In the States which have already been restored to the Union, we believe this question has been settled, and by the Constitutions of the States there is hereafter to be no distinction made on account of color. If however distinctions are made, and a class of men are deprived of their ballot, representation in Congress will be diminished in the same proportion. With the Republicans the whole matter is a question of loyalty, not of color, while with the Democrats it is Nigger, Nigger.

### Grand Republican Mass Meeting AT PLATTSBURGH, N. Y.

Grand Rally of Republicans, under the auspices of the Republican County Committee and Grant and Colfax Club, on

WEDNESDAY, OCT. 7, 1868.

The following distinguished gentlemen will be present and address the meeting:

Hon. Henry Wilson, U S Senator, Mass.

General Daniel E. Sickles, of New York.

Maj-Gen Alfred Pleasanton, of Cavalry Fame.

Hon Geo F Edmunds, U S Senator, Vermont.

Hon Luke P Poland, Member of Congress, Vermont.

Colonel Deming, of Hartford, Ct.

Hon John W Stewart, of Vt.

THE GRANT AND COLFAX CLUBS,

With their Bands of Music, Banners, Flags, and whatever else may pertain to that organization, together with Republicans generally of Northern New York and Vermont are invited to attend.

Wm P Moores, N Laphan, A W Lansing, C E Everest, L S Carter, John Parkhurst, Republican County Committee.

Jerome B Bailey, President of Grant and Colfax Club, Plattsburgh.

D S McMaisters, Col Frank Palmer, and Jabez Bidwell, Vice-Presidents.

Plattsburgh, September 22.

The Republican State Committee of Vermont, by special request of the Clinton County Committee and Grant and Colfax Club, extend the above invitation to the various Grant and Colfax clubs of this State, and to all the friends of Grant, Colfax and Griswold in Vermont. The meeting will doubtless be one of the most notable demonstrations ever made in Northern New York, and it is hoped that many Vermonters will be glad to give the aid of their presence

and encouragement to the Republicans of the Empire State on that occasion.

For the State Committee,

G. W. GRANDLEY,  
Chairman.

G. G. BENEDICT,  
Secretary.

Boats will be in readiness at Burlington, on the 7th of October, to carry the delegations of Vermont Republicans to Plattsburgh, free of expense.

Arrangements are also in progress by which tickets on the railroads, for the same occasion, can be procured at a great reduction from the usual rates of fare.

We hope the Vermont Republicans will attend the Plattsburgh gathering in large numbers.

POLITICAL.—The Washington Correspondent of the New York Times asserts positively that Dewar, Schofield, and Everts are for Grant and Colfax, while McCulloch, Wells, Browning and Randall are for Seymour and Blair.

The Ohio State Journal of recent date says:

"The State is certain for the Republican ticket, by no less than 50,000 majority, and we shall not be surprised if it goes to 75,000. The Democracy have long since given up all hope of doing anything more than securing perhaps two Congressmen, and even that is becoming extremely doubtful.

The Lynchburg (Va.) Republican thinks that Gen. Forest, instead of letting out unpleasant secrets about the number of K. K. K's in Tennessee, had better "follow the example of Gen. Lee and court a retrial, and practice a silence that is now not only in good taste, but is demanded by sound judgment.

THE NEXT STATE ELECTIONS.—The next State Elections preceding the Presidential Election will be held in the following States:

State	Oct. 6	Rep. maj.	1866	1867	1868
Ohio	do	do	do	do	2,983
Indiana	do	do	do	do	14,202
Pennsylvania	do	do	do	do	922
West Virginia	do	do	do	do	6,644

In Ohio our friends promise us from 15,000 to 25,000 majority. Indiana will defeat Hendricks by a majority of not less than 10,000. Pennsylvania pledges herself for the majority in October she gave to Gen. Geary for Governor in 1866—17,000—and thinks she can nearly double this majority in November.

#### BE CAREFUL WHAT MEDICINES YOU TAKE.

WHEN you are exhausted by over-work of mind or body, head ached, and feel the need of something invigorating, do not drink whisky or any intoxicating thing, whether under the name of Bitters or otherwise. Such articles give just as much strength to your weary body and mind as the whip gives to the jaded horse, and no more. Mercurial stimulants are injurious to Nervous health, and are ALWAYS followed by DEPRESSING REACTION.

#### DOOD'S NERVE AND INVIGORATOR

is a TONIC and GENTLE STIMULANT which is NOT attended by REACTION. What it cures for you must maintain. When it refreshes body or mind, it refreshes with natural strength that comes to stay. We are not recommending tonicism in the interest of any faction; but long and extended observation teaches us that he who resorts to the bottle for rest or recuperation, will find, as he keeps at it, that he is kindling a fire in his bones which will consume like the flames of perdition. Turn from it. Take a tonic that will refresh and not destroy. Dood's Nerve is for sale by all Druggists. Price One Dollar. See book of Certificates that accompanies each bottle. 230-8w.

## ADDRESS To the Nervous & Debilitated.

W HAT IS THE suffering here presented, protracted from hidden causes, and whose cause requires prompt treatment to render existence desirable? If you are suffering or have suffered, from involuntary discharges, what effect does it produce upon your general health? Do you feel weak, debilitated, easily tired? Does a little exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky, or fleshy, or is itropy on setting? Or does a thick white rise on the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspnoea? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling upon this subject? Do you feel sad, morose, mooping, tired of company, of life? Do you wish to be left alone, to get away from everybody? Do you think of doing anything but of doing? Is your sleep broken, or restless? Is the lustre of your eye as brilliant? Do you look at your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same vigor? Do you feel as much confidence in yourself? Are your spirits dull and flagging, given to fits of melancholy? If so, do not let it to your liver or dyspnoea. Have you restless nights? Your back weak, your knees painful, and have but little appetite, and you attribute this to dyspepsia or liver-complaint?

Now, reader, self abuse, venereal diseases, badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs, the organs of generation, which in perfect health, make the man. Did you ever think that those bold, defiant, energetic, powerful, successful business men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, of nervousness, of palpitation of the heart. They are never afraid they cannot succeed in business; they do not become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and then right in the face—none of your downcast looks or any other meanness about them. I do not mean those inflated by running to excess. These will not only ruin the constitution, but also those they do business with or for.

How many men, from badly cured diseases, from the effects of self-abuse and excesses, have brought about that state of weakness in those organs that has reached the general system so much as to induce almost every other disease, indolence, apathy, paralysis, spinal affections, suicide, and almost every other form of disease which humanity is heir to, and the real cause of which is scarcely ever suspected, and have died for all but the right one.

Diseases of these organs require the use of a Burette. HELMOLD'S FLUID EXTRACT DU, DU is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organic Nephritis, Enlarged Prostate, General Debility, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing.

If treatment is submitted to, Consumption or Insanity may ensue. Our flesh and blood are supported from these sources, and the health and happiness, and that of Posterity, depends upon prompt use of a reliable remedy.

Helmold's Extract Burette, published upwards of 15 years, prepared by H. T. HELMOLD, Druggist, 501 New York, at 104 South 10th Street, Philadelphia, Pa. Price—\$1.25 per bottle, or 6 bottles for \$6.50, delivered to any address. Sold by all Druggists everywhere.

See Notice in German and English in the engraved wrapper, with facsimile of my Chemical Warehouses, and signed

The celebrated author in this admirable essay clearly demonstrates from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of a knife; pointing out a mode of cure at once simple, efficient, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.

This lecture should lie in the hands of every youth and every man in the land.
